Regional Training Workshops

Endocare supports a number of Regional Training Workshops (RTWs) across the USA. RTWs are one-day, hands-on training sessions with live case observation conducted by experienced cryosurgeons. Some courses focus on prostate or renal cryoablation only while others cover both.

Website Content

www.cryocoldtraining.com

National Training Workshops

Endocare offers physicians who qualify the option to attend live national training workshops at various clinical centers around the country. Each course has a dedicated faculty that provides both didactic review and live case observation.
